# Need more information from the 2006 Census?

## *Why use census information?*

Statistics New Zealand has gathered a vast amount of information from the 2006 Census of Population and Dwellings. From this, we have developed a range of products and services that are available on the web. Some products are also available in hard copy.

2006 Census information is a valuable resource that will be useful if you are:

1 curious about New Zealand and want to browse for general information
2 from a school, community group, library or business and looking for particular information, or
3 looking for complex data.

For example, you can access population and dwelling information by:

| | |
|---|---|
| age | means of heating dwelling |
| birthplace | means of travel to work |
| education/qualifications | number of occupants in dwelling |
| ethnic group | number of motor vehicles |
| home ownership | number of rooms |
| hours worked | occupation |
| income | sex |
| industry | ... and more |
| languages spoken | |

You can find this information at: www.stats.govt.nz/census

## *Are you looking for information about a region?*

Information is available at a city, district, regional and area unit (suburb) level.
1 `Cities´ or `districts´, where used, refer to territorial authority areas.
2 `Regions´, unless otherwise stated, refer to regional council areas.

## *Who can help me find the information I want?*

Statistics New Zealand´s Information Centre staff know what information is available, and how it can best be used. They are guides to Statistics New Zealand´s information.
