

How we use injury data

Injury Information Forum

Paul Mackay

Manager, Employment Relations Policy

4 December 2009

Why collect information?

- Harm
 - Eliminate or minimise
- Exposure
 - Reduce (costs)
- Reputation and credibility
 - Maintain and grow
- Competitiveness
 - Domestic and international

Several levels of enquiry

- Enterprise
- Industry/Sectoral
- National

Enterprise

- Incidents and occurrence
 - including near misses
- Hazards
- Strategies and Processes
- Insurance risk/premiums

Industry/Sectoral

- Vocational
 - Labour supply (including immigration)
- Technology
- Risk analysis
 - Competitiveness

National

- Trends
- Implications for health welfare and insurance

Issues

- Who collects what information
- Incentives to report
- Access to aggregate information
